OBJECTIVE:

To take a challenging and high performance oriented role in the field of Computer engineering and implement the expertise and experience gained in this field to develop complex project with efficiency and quality.

WORK EXPERIENCE:

Organization: **Greenvironment Innovations & Marketing India (P) Ltd**
Time Period: November 2016 – February 2017(4 months)
Position: Full Stack Developer
Role: Developed the company's website with front-end and back-end also responsive pages for viewing in mobiles. Done ROI Water Calculations with multiple calculative functions. Designed the Employers details and updates of their work in website.

Others:
The Appri
Dhrti Infotech
Urban Rider
Planezy

Organization: **NewSteps**
Time Period: February 2017 – May 2017(3 months)
Position: Full Stack Developer
Role: Developed a Student's Website where description of the company is explained also students registers and pays according to their plan as to evaluate their skills automatically and choose their career with those details.

PROJECTS:

Bukze (E-Commerce Site)
Project Description: - An E-Commerce Website dedicated to the selling of Books.
- Built a scalable Backend architecture for handling large volume of data.
- Build an inventory management to handle the database values in frontend.
- E-commerce functions like wish list, user review, user profile and cart are integrated.

Incredible India Web App
Project Description: - Redesigned the existing website to improve usability and addition of tour planning system.
- Used Php to support backend features such as filter, search and implemented a tour planning system which allows user to plan their tour.
- Enabled guides ,hotels and agents to interact with tourists using a request-response mechanism

Other:
Cognit(Symposium Websites), Voting WebPage, Auction WebPage

ACADEMICS:

2013-2017   - B.E Computer Science in Misrimal Navajee Munoth Jain Engineering College (Anna University Affiliated), Chennai with 7.08 CGPA (Until 6th Sem).
2013   - 12th Grade from Pon Vidyashram (CBSE), Chennai with 57%.
2011   - 10th Grade from Pon Vidyashram (CBSE), Chennai with 6.8 (scale of 0 to 10).

SKILLS AND ABILITIES:

Front-End Languages	-	HTML, CSS, JavaScript.
Back-End Languages	-	PHP, SQL.
Frameworks and Libraries	-	React JS, Bootstrap, jQuery, Selenium(Basics).
Software Known	-	Adobe Photoshop, Adobe Illustrator.
Programming Languages	-	C++, Java(Basics).
Portfolio	-	**http://www.srikanthajith.com**

WORKSHOP AND HACKATHON:

- Attended National Level Workshop at IIT Madras on Web Development.
- Participated in "**Smart India Hackathon, 2017**" organized by Central Government of India.

ACHIEVEMENTS:

- Certified Diploma in **DTP** (Desktop Publishing).
- Certified First class with distinction in **Senior Type writing** technical examination conducted by Government of Tamil Nadu.
- Organized **Web Designing event** for CSE Department Symposium.
- Developed the **Main Website** and **Coming Soon Page** for MNMJEC college technical symposium "COGNIT".
- Achieved 1st Place in Photoshop Designing in a technical event organized by Hindustan University.
- Achieved 2nd Place in Web Designing in Symposium by SSN College of Engineering.
- Achieved 2nd Place in Website Hacking conducted by SRM Eashwari College of Engineering.
- Attained various prizes representing my school for playing VolleyBall in CBSE Zonals and School Level competitions.

CORE STRENGTHS:

- ➢ Strong proficiency with web technologies.
- ➢ Making Responsive and Interactive web pages.
- ➢ Quick learner, keen to learn and improve skills.
- ➢ Solid understanding of basic development principles.

DECLARATION:
 I hereby affirm that all the information provided above is true and genuine to my knowledge.

DATE:
PLACE: Chennai, India.
